ACKNOWLEDGMENT OF DEALER/PURCHASER RESPONSIBILITIES

The product you are about to order will be carefully inspected at the factory to assure every component is correct and undamaged. It ships F.O.B. Missouri, meaning it becomes the property of the receiver upon leaving our factory. Therefore it is incumbent on you, the receiver, to carefully inspect the package to assure it has been delivered in good order and is undamaged.

Before signing for the shipment, inspect the package carefully.

VISIBLE DAMAGE: You must note any visible damage on the freight bill. If product damage is obvious, we recommend a further immediate inspection to see what other damage may be concealed, and this also must be written on the freight bill.

CONCEALED DAMAGE: If no damage was immediately evident, but is found later (within 48 hours), stop what you are doing and call the freight company immediately to report concealed damage.

Pictures of the damage are a great support in any freight claim and are strongly recommended. Failure to take these steps may preclude your ability to be reimbursed for any damage in transit.

We have personnel available to assist with this process Monday – Friday, 7:30 am – 5:00 pm EST by calling **800-833-0478**.

CODE COMPLIANCE

Harmar Vertical Platform Lifts are designed to meet Safety standard ASME A18.1-2020 when properly equipped. It is the Dealer/Installer's responsibility to ensure compliance with Safety standard ASME A18.1-2020 as well as State and Local code requirements including electrical and building codes which do vary. Some jurisdictions require fees for site preparation and permits. Dealer acknowledges that their order will be installed in accordance with applicable national, state and local governance.

INSTALLATION COMPLIANCE

Harmar Vertical Platform Lifts should only be installed by a Certified Harmar Installer. Harmar provides specific training for its Vertical Platform Lifts at training@harmar.com. If the Vertical Platform Lift is installed by a non-certified, untrained installer, the purchaser and installer assume all responsibility for repair and replacement costs from issues that may arise involving improper installation.

Thank you for your business!
