

# The **Adjustable Advantage™** Toilet Seat

naturally better by design

The world's first and only patented, adjustable toilet seat that expands to each user's natural sitting position.

Unchanged for nearly 100 years, the traditional toilet seat has just been brought into the 21<sup>st</sup> Century in both form and functionality. The **Adjustable Advantage™** Toilet Seat has features never before seen such as the ability to expand up to 21.5 inches wide, making it the widest toilet seat on the market. This adjustability allows people of all shapes and sizes to sit naturally and find their own personalized comfort level. With six extra-wide bumpers, it is capable of supporting up to 1,000 pounds.

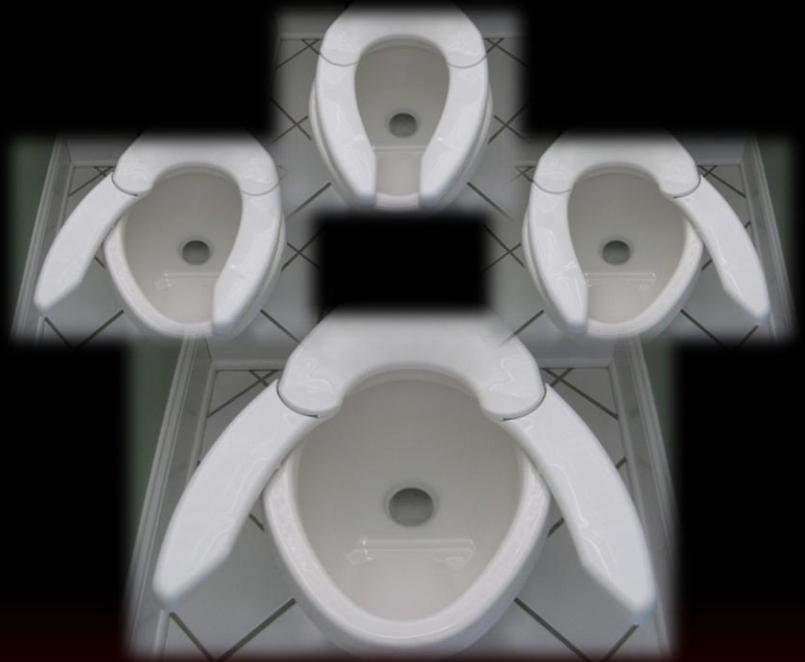

## The Adjustable Advantage™

Seat leg supports that expand up to 6" to the left and/or 6" to the right  
 Adds up to 12" of additional access for improved personal hygiene  
 Adjusts for greater comfort, support, relaxation and health

Never before has a toilet seat provided this many benefits for so many different users; each with diverse needs.

Are you suddenly finding out that you can't reach all of the places that you used to before?

The **Adjustable Advantage™** Toilet Seat is designed to adjust to your ever changing needs. Never worry about diminished personal hygiene again. For those with limited mobility, simply expand a seat arm for easier access and less straining when you bend. The contoured, adjustable seat design helps to relieve sciatic nerve pressure, improves posture and increases blood flow. With its unique ability to expand outward to add up to 12" of additional space, it creates the comfort and support you should expect from today's toilet seat technology. Its unique ability to transition back to a standard seat, makes it perfect for every home.

Commercial	Medical
Residential	Bariatric

Patent # 6,868,561

# The Adjustable Advantage™ Toilet Seat

naturally better by design

The world's first and only patented, adjustable toilet seat that expands to each user's natural sitting position.

**Fits elongated and round toilet bowls** with ease

**Industry standard** hinge posts that are 5 1/2" on center

**Quick and easy installation** with stainless steel mounting hardware

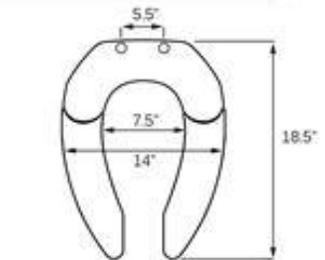

The hinges have been carefully engineered and designed for **smooth action and no pinch points**

**Water-tight hinges** are angled down into the bowl to aid with cleaning fluid drainage

**As shown in the x-ray** the stainless steel hinge disc plates are 2" wide and fully integrated 4" into the seat base and 4" into the seat arms. With the addition of stainless steel ball bearings for smooth hinge action, they have been **tested to over 100,000 cycles**

**Industry standard** elongated toilet seat dimensions of 18 1/2" long

**Standard** elongated toilet seat when closed

See it in motion online now!

Made of solid polypropylene and **weighing 5 lbs.** The Adjustable Advantage Toilet Seat is durable enough to withstand years of use. Because of this, it is deserving of an **industry leading Lifetime Warranty**

With an **industry high 6 bumpers** that are each over 2 1/2" wide, it is **capable of supporting up to 1,000 lbs.** even when fully expanded. (Note: Please consult the weight bearing capacity of your toilet, as it is more likely to break before The Adjustable Advantage Toilet Seat does)

**Finger grips** under the seat front assist with easy adjustments

Rising 1 1/2" above the rim in the front and 3" in the rear, its sloped angle and contoured design **improve posture and increase blood flow**

## Our Story...

The **Adjustable Advantage™** Toilet Seat was created by a 75 year old, 285 pound man for his own personal needs. Tired of being uncomfortable when going to the bathroom, he thought to himself "there has got to be a better way!"

With an inquisitive mind, he spent the next several years experimenting with different designs and ideas. When he found he couldn't do without it, he realized he might be onto something. His desire to share this new-found comfort, support, relaxation and improved health with others led him to patent and commercialize his easy access **Adjustable Advantage™** toilet seat.

What you are seeing now is the result of several years of drive, determination and good old-fashioned American spirit to take a simple everyday household item and make it even better.
