

RUBBER THRESHOLD RAMPS

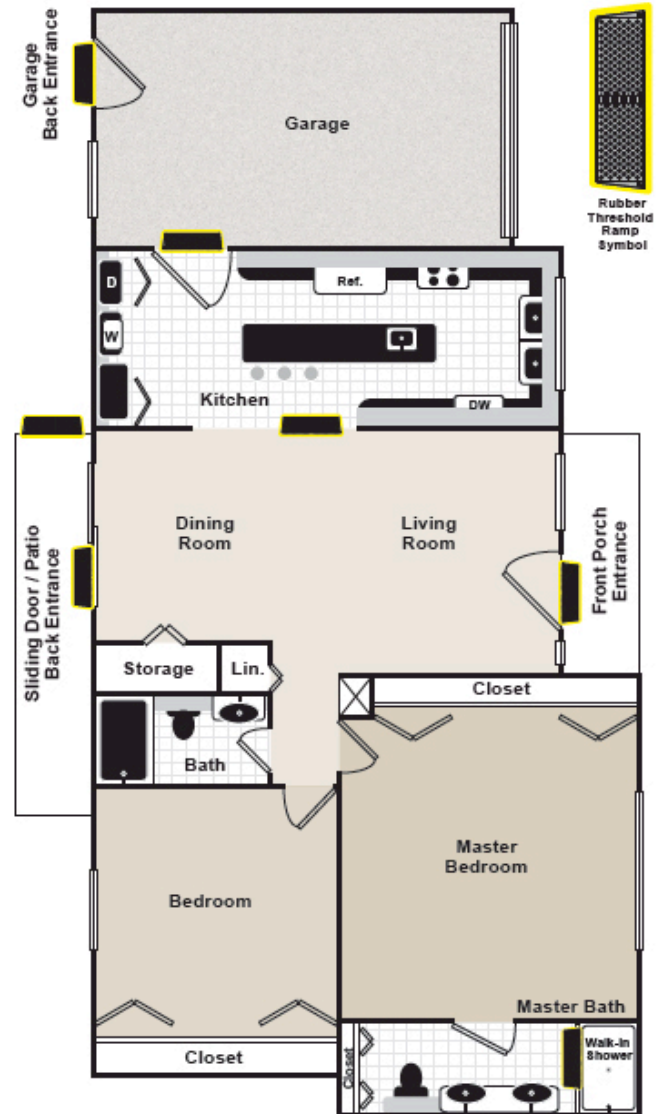

MOBILITY MADE EASY

Rubber threshold ramps can be used indoors and outdoors in a variety of locations, whether it's in your home, office or garden.

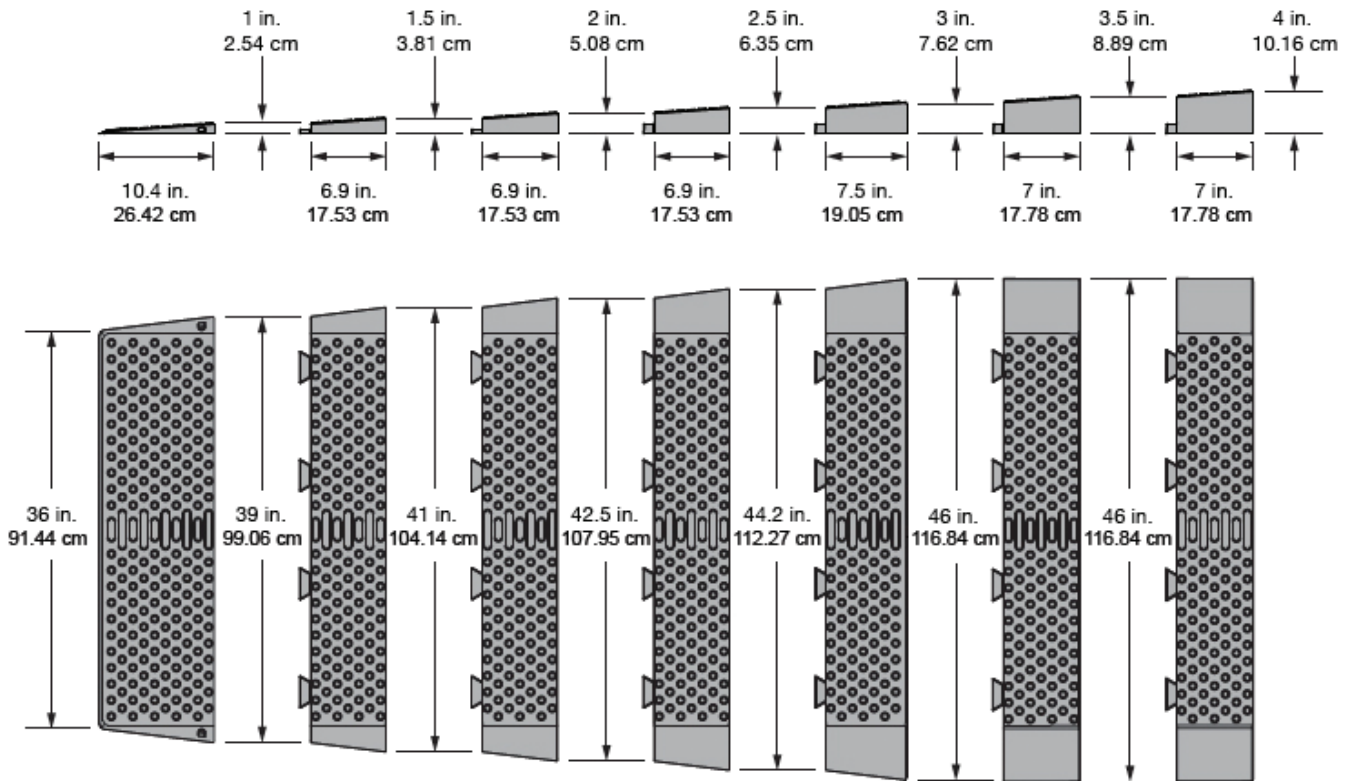

Rubber threshold ramps provide safe means of navigating uneven surfaces including small steps and doorways. A hidden dovetail locking system allows for easy installation and incremental ramp height adjustment of up to 4". Modular design makes these rubber threshold ramps a practical and affordable accessibility solution for indoor and outdoor use.

BENEFITS

- Custom fit
- Slip resistant
- Easy to install
- Maintenance-free
- Meets ADA slope requirements

DESIGNED FOR EASY ACCESS

The rubber threshold ramp has a maximum incline of 4° (7%), which meets the requirement established by the ADA.
